CARBON/EMERY- COUNTY FSA NEWSLETTER JULY/AUG.2006

## Acreage Reporting

**ALL** participating farms must file a crop report to be eligible for program benefits. This includes payments under DCP, NAP, CRP, LDPs, and disaster programs.

The deadline to report acreage for Carbon/Emery counties was June 30, 2006. If you still need to file, you still can, but you will be required to pay a \$20 late file fee.

### DCP

*Direct and Counter-Cyclical Program*

This commodity based program is not a continuous program. Contracts for the DCP program must be updated each year.

The deadline to enroll in the 2006 year was June 1, 2006. However, if you are eligible to participate in this program you have until September 30, 2006 to enroll. You will be required to pay a \$100 late file fee for each farm you enroll.

## Wool LDP Program

A subsidy payment on your wool and mohair is available so you can apply for a LDP payment on your 2006 wool. A LDP is paid when the market price of wool falls below the loan rate.

**It is extremely important that you have form CCC-633 EZ Page 1 on file before you begin shearing.**

By signing this page, you indicate your intention to receive LDP benefits and you maintain your eligibility in the program.

Once the form is signed, you can submit a LDP request for payment at any time during the loan availability period. You will need to bring your wool receipts to this Service Center after your wool or mohair has been sold.

If you lose beneficial interest in the wool before your signed CCC-633 EZ is on file with this office, you will lose your eligibility to participate in this program.

## COC Elections

The election of responsible agricultural producers to FSA county committees is important to ALL farmers and ranchers with large or small operations. It is crucial that every eligible producer take part in this election because county committees are a direct link between the farm community and USDA.

Committee members are a critical component of the day-to-day operations of FSA. They help deliver FSA farm programs at the local level. Farmers who serve on committees help decide the kind of programs their counties will offer. They work to make FSA agricultural programs serve the needs of local producers.

Agricultural producers in LAA 3 (Emery, Ferron, Clawson), and LAA 4 (Price, Miller Creek and West Wellington), will be electing their representative on the Carbon/Emery County Committee.

Nominate the producer of your choice! Vote and make a difference!

Pick up nomination forms (FSA-669A "Nomination Form for County FSA Committee Election") and eligibility information from this office.

## FSA Kids Activity

### Summer Picnics Start On The Farm

If your kids would like to have their artistic efforts posted on the FSA Kids website, log on to [www.fsa.usda.gov/fsakids](http://www.fsa.usda.gov/fsakids) and follow the link to the "Summer Picnics Start On The Farm". They can download the featured pages to submit or they can make their own. Once they've finished, submit them to the address on the website and their drawings will be posted on the website for all to enjoy and admire! The FSA Kids website has the AgVenture and Hay Now games for your kids to play and learn about agriculture at the same time. There are also cooking pages, coloring pages, fun food facts, puzzles, fun links, and more!

## Monitoring Efforts of FSA

FSA county office staff will be assisting Risk Management Agency and insurance providers in monitoring crop conditions throughout the growing season. FSA staff will be making two inspections; one during the growing season and one during the time harvest is normal for the crop. The staff will be checking to see if reported crops have been planted and cared for in a workmanlike manner. All suspected cases of fraud, waste, and abuse of the Federal Crop Insurance Program will be referred to RMA. Producers may report suspected cases of fraud, waste, and abuse to the county office staff, RMA office or Office of Inspector General. FSA will assist RMA with auditing claims. Fraud can lead to producer disqualification to participate in FSA programs.

The United States Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, S.W., Washington, D.C., 20250-9410, or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

## Farm Reconstitutions

In Farm Service Agency terms, farms are *constituted* to group all tracts having the same owner and the same operator under one farm serial number. When changes in ownership or operation take place, a farm *reconstitution* is called for. The reconstitution — or recon — is the process of combining or dividing farms or tracts of land based on the farming operation.

When combining different tracts into one farm unit, FSA simply adds each tract's base acreage to determine the base acreage for the newly constituted farm. If a tract is removed from a farm, such as when there is an operator or ownership change, the base acreage that is attributed to the tract is removed from the farm. In some cases, the base acreage could be distributed by different means.

The final date to request a 2006 reconstitution is August 1, 2006. If 2006 DCP direct payments have already been issued on the farm, the reconstitution will be effective for 2007, unless the payments are refunded

## AgrAbility of Utah

AgrAbility of Utah is part of a national program administered through the USDA. AgrAbility focuses on promoting independence for members of the agricultural community who have disabilities resulting from injury, illness, age or other causes. AgrAbility offers opportunities to persons of all ages and connects individuals to a network of service providers, product suppliers, and product manufacturers in order to provide education, information, services and support.

AgrAbility of Utah is administered by the Utah State University's Agricultural Systems Technology and Education Department, USU Extension, the Center for Persons with Disabilities, and the Association for Independent Living of Utah.

Types of assistance available include:

- Agricultural work-site analysis.
- Farm/Home accessibility survey.
- Environmental modifications.
- Equipment adaptation and modification.
- Information and referral
- Facilitation of independent living.
- Individual advocacy
- Peer support
- Coordination of community service
- Education
- Agricultural safety workshops to prevent further injuries.

If you or someone you know could use come assistance in making your farm or ranch operation easier because of a disability, please contact this office or:
